GENERATR 1200

PORTABLE HEAVY-DUTY POWER SOLUTIONS

1. HANDLES FOR EASY CARRYING
2. LCD DISPLAY
3. 12V ANDERSON INPUTS (FRONT & BACK)
4. 16-34V SOLAR-DC INPUTS (FRONT & BACK)
5. 12V ANDERSON OUTPUT
6. 3 USB OUTPUTS
7. 19V OUTPUT
8. 12V OUTPUT
9. 3 110V AC OUTPUTS

DIMENSIONS:
16 x 12 x 11.5 in (41.0 x 30.4 x 29.0 cm) (LxWxH)

WEIGHT: 42 lbs (19kg)

POWER:
Inputs:
(4) Solar Panel DC Jack 16-34V 120W Max
Wall Charger DC Jack 19V 120W max
(2) Anderson Jacks 12V 120W max
135W overall maximum input

Output:
(3) AC 110V, 60Hz pure-sine wave, 1000W max total cont., 1100W max over loading

19V 6.3A, 120W Max

12V Anderson, 10A (120W max total)

12V Car charger outlet, 10A (120W max total)

12V DC Jack, 10A 6.5 x 3.0mm (120W max total)

(3) USB - 5V max 2.4A each

Battery Type: Lithium Ion
Battery Capacity:
1231 Whrs (14.8V / 83.2 Ah)

MODEL NUMBERS:
GNY1200GY

CHARGE TIMES

The Generatr 1200 can power laptops, TVs, mini-fridges and more.
Recommended solar pairing: Commandr 45

mini-fridge **30+** Hours
TV **50+** Hours
laptop **23X** Charges

**Charge time estimates are based on maximum number of hours/charges*

The Generatr 1200 is a portable 1231Whr large format battery that is designed to power larger scale electronics. Made with Lithium-ion battery technology, this unit is significantly lighter than other large scale batteries, yet holds the same amount of power that will keep your phones, tablets, laptops, and even mini fridges powered up when you need it most. The Generatr 1200 is also fuel free and makes minimal noise compared to gas generators, allowing it to be used indoors. The Generatr 1200 can be charged either via a standard wall outlet or by our Commandr series of large scale solar chargers, making it ideal for emergencies, camping, tailgating or any time power is needed for longer periods of time.
